How can NEGATOR NETWORK help businesses, organizations, and community recover, rebound and recharge in the new normal?

1. Sanitisation and disinfection for public populated places will be mandatory to stay away from Covid19 or any future Pandemic.
2. Adaptation of Automation will increase as people will avoid touch based works.
3. Lower consumption and spending by people or corporates, in the PoV of reducing capital expenditure keeping in mind the daily need of Health, Hygiene and Cleanliness check to preventing transmission of Virus and Bacteria spread Diseases.

NEGATOR NETWORK

Solutions

1. Negative Ions generated from NEGATOR will neutralize most of the Viruses (Covid19 and many) and Bacterias.
2. NEGATOR will not require any human action after once the Network is Installed and Programmed. No daily operators will be needed as it will turn on and off automatically as per the programmed timer.
3. In long run NEGATOR Network is the most cost efficient system that can be used to prevent transmission of Virus and Bacteria spread Diseases.
No consumables required – no recurring cost.
Very less electricity consumption against other systems available in the market.
No operators required.

How can NEGATOR NETWORK help businesses, organizations, and community recover, rebound and recharge in the new normal?

LIFE AFTER COVID19 ERA

Problems

4. Work From Home culture and different (new) corporate interaction methods may reduce happiness and joy in human mind. People may feel stressed to cope-up with new daily habits.
5. Owners of Retail Stores, Offices, Authority of Hospitals, Hotels, Institutes, Banks, Restaurants, Gyms, Halls, etc. will be much more concerned about Recovering from Covid19 Pandemic Traumas and Post Covid19 Precautions as these places attracts more people/crowd than other places.

NEGATOR NETWORK

Solutions

4. Negative Ions produced from NEGATOR increase the flow of oxygen to the brain; resulting in higher alertness, decreased drowsiness, and more mental energy. This increases productivity in workplace and happiness among the people.
5. NEGATOR Network can be easily installed on any kind of ceilings or any kind of existing HVAC Diffusers in Stores, Offices, Hospitals, Hotels, Banks, Restaurants, Gyms, Halls, etc.

THANK YOU
